

Heinemann Aircraft Interiors®

Welcome on board!

about us

Heinemann Aircraft Interiors specialises in foreign trade, manufacturer's distribution and product refinement in the aerospace industry. We provide representation, consultancy and procurement services for materials, parts and components for aircraft and helicopter interiors.

Customer satisfaction is THE aim of the HAI-team.

products

HAI's delivery programme includes adhesives, non-slip tapes, arm caps and armrests, cargo covers, carpets, cold welding pastes, decorative laminates, upholstery, decorative & technical fabrics, facings, non-textile floor coverings, foam underlay, hook & loop tapes, hot welding tools & rods, insulation foam, insulation blanket tapes, interior components & spares, artificial & genuine leather, glass, plastic & polished alu-minium mirrors, moisture barrier tapes, sealants, sheepskins, trimming materials, webbing and much more. In principle all you need to give your interior an excellent appearance and keep it in sound condition.

HAI is the sales partner of Benecke-Kaliko AG for **Flightfloor**[®] non-textile floor coverings.

services

One of the services provided by HAI is logistical support for customers and manufacturers through detailed planning in the context of supply contracts extending over several years.

Further services include:

- Self-adhesive coating
- Lamination
- Armcap refurbishment
- Material testing
- Spare part support
- Import, export and product consulting

These services are offered on the basis of close cooperation with well-known partners.

HAI enjoys a strong market presence while still maintaining a thoroughly customer-oriented service, the capacity for personal consultation and excellent after-sales support.

Please do not hesitate to call on us as your trouble-shooter.
